

2025 PAA Symposium

Monday, July 28 | Madison, Wisconsin

Presented by the Potato Association of America (PAA) Utilization and Marketing Section & the North American Potato Storage Organization (NAPSO)

The **2025 PAA Symposium** brings together leading potato storage experts from academia, industry, and international research to discuss the latest insights in storage chemistry, structure design, and regulatory impacts.

Featured presentations include:

- The European Experience in Storing Potatoes
- Navigating the Disease Landscape of Russet Potato Variety Susceptibility
- Storage Structures: Potato Storage Design and Engineering
- Expert Panel Discussion on Storage Challenges
